## Current position

Assistant Professor of Ecology, Dipartimento di Elettronica, Informazione e Bioingegneria, Politecnico di Milano ([www.deib.polimi.it](http://www.deib.polimi.it))

Italian qualification for associate professorship, section 05/C1 (Ecology) obtained on April 2017

## Past positions

2002-2005: postdoctoral fellow, Dipartimento di Elettronica e Informazione, Politecnico di Milano

1999-2001: PhD student, Dipartimento di Scienze Ambientali, Università degli Studi di Parma

1998: postgraduate fellow, Dipartimento di Elettronica e Informazione, Politecnico di Milano

## Education

2001: PhD in Ecology, Università degli Studi di Parma

1996: MSc with honours in Environmental and land planning engineering, Politecnico di Milano

## Awards

2000: Premio Marchetti (young researcher paper award) of the Italian Ecological Society

## Memberships

Member of the Italian Ecological Society (SIeE) since 1999

## Research

### *Research interests*

I am member of the research and teaching group in Ecology ([www.ecologia.polimi.it](http://www.ecologia.polimi.it)) and the research group in "Planning and management of environmental systems" with the Politecnico di Milano. My main research activities include basic and applied research in ecology, with a particular emphasis on ecological modelling, population demography and conservation biology, sustainable management of natural living resources, environmental impact assessment, life cycle assessment and sustainability indicators.

### *Research projects*

2016-2019: Work package leader and research team leader in the project *SafeNet: Sustainable fisheries in EU Mediterranean waters through networks of MPAs*, funded by the Directorate-General for Maritime Affairs and Fisheries of the European Commission

2015-2019: Senior research associate in the project *ECOPOTENTIAL: Improving future ecosystem benefits through Earth observations*, funded by the H2020 Programme of the European Commission

2012-2016: Senior research associate in the project *CoCoNet - Towards COast to COast NETWORKS of marine protected areas (from the shore to the high and deep sea), coupled with sea-based wind energy potential*, funded by the 7th Framework Programme of the European Commission

2012-2014: Senior research associate in the project *ECO2Clouds - Experimental Awareness of CO2 in Federated Cloud Sourcing*, funded by the 7th Framework Programme of the European Commission

2012: Task leader in the research contract *BEMTOOL*, funded by the Directorate-General for Maritime Affairs and Fisheries of the European Commission within the tender *MAREA (Mediterranean hAlieutic Resources Evaluation and Advice)*

- 2011-2012: Senior research associate in the project *Ottimizzazione scientifica della ricerca per la gestione delle risorse della pesca nell'ambito delle politiche ambientali ed economiche*, funded by the Italian Ministry of Agricultural, Food and Forestry Policies
- 2011-2012: Research team leader in the project *Sulla strada della sostenibilità*, funded by Fondazione Cariplo
- 2010-2012: Research associate in the project *The role of spatial connectivity and trophic interactions in the sustainable management of small-scale fisheries through the implementation of networks of Marine Protected Areas*, funded by the Italian Ministry of Education, Universities and Research (PRIN 2008 program)
- 2007-2009: Research associate in the project *An Integrated Approach to the Conservation and Management of the European Eel in the Mediterranean Region*, funded by the Italian Ministry of Education, Universities and Research (PRIN 2006 program)
- 2006-2009: Research associate in the project *Conseguenze ed impatti dei cambiamenti climatici globali sulla gestione e conservazione delle risorse naturali*, funded by the Italian Ministry of Education, Universities and Research (Interlink program)
- 2004-2007: Research associate in the project *Valutazione di stock di alici e sardine nei mari italiani al fine di una gestione razionale della pesca*, funded by the Italian Ministry of Agricultural, Food and Forestry Policies
- 2002-2004: Research assistant in the project *Effetti della molluschicoltura sul riciclo dei nutrienti in lagune costiere distrofiche: strategie di gestione a basso impatto ambientale per gli allevamenti di vongole e il controllo delle fioriture algali*, funded by the Italian Ministry of Agricultural, Food and Forestry Policies
- 2002: Research assistant in the project *Verifica della Rete Natura 2000 in Italia e modelli di gestione*, funded by the Italian Ministry of the Environment
- 2000: Research assistant in the project *Analisi e gestione dei sistemi ecologici*, funded by Politecnico di Milano
- 1999-2002: Research assistant in the project *Supporto conoscitivo, metodologico e modellistico alle Unità Operative impegnate nella valutazione degli stock dei piccoli pelagici*, funded by the Italian Ministry of Agricultural, Food and Forestry Policies

### *Scientific collaborations*

Italian institutions: Universities of Cagliari (A. Cau, M.C. Follesa), Ferrara (R. Rossi), Genova (M. Petrillo, A. Mandich), Insubria (G. Ruggieri), Milano (S. Galassi), Padova (L. Zane, I. Marino), Parma (P. Viaroli, M. Bartoli), Roma "Tor Vergata" (E. Ciccotti) and Salento (S. Frascchetti), CNR-ISE (P. Volta), CMCC (S. Masina), COISPA (G. Lembo, M.T. Spedicato, I. Bitetto), CIBM (P. Sartor, A. Ligas), NISEA (P. Accadia), SZN (G. Procaccini). Foreign institutions include, in France, the biological station of Tour du Valat in Camargue (A. Crivelli), where I have been visiting scholar each summer between 2008–2014, the University of Nice Sophia-Antipolis (P. Guidetti, A. Di Franco), INRA Provence-Alpes-Côte d'Azur (M. Génard, D. Bevacqua), CNRS (J. Claudet), in Spain the University of Girona (J. Lloret) and CSIC (M. Coll), in Australia the University of Queensland (L. Lloyd-Jones), and in the United States the Hopkins Marine Station of Stanford University (G.A. De Leo, F. Micheli).

### *Reviewing and editorial experience*

- 2018-2019: member of the advisory committee for the recreational fisheries sector of the Interreg MED project "PHAROS4MPAs – Blue economy and marine conservation: safeguarding Mediterranean MPAs to achieve good environmental status"
- 2018: reviewer of HDR thesis and member of the jury for the Habilitation à diriger des recherches, École Doctorale Sciences Fondamentales et Appliquées, Université de Nice Sophia Antipolis
- 2014: reviewer and rapporteur for the evaluation of research projects under the programme "Scientific Independence of young Researchers" of the Italian Ministry of Education, Universities and Research (SIR 2014 program)

I am member of the editorial board of the Journal of Limnology since 2012. I have served as a referee for more than 30 peer-reviewed international journals (see verified review record at [publons.com/a/1150270/](https://publons.com/a/1150270/)), including Molecular Ecology, Journal of Cleaner Production, Biological Conservation, Science of the Total Environment, Ecological Applications, Water Resources Research, Environmental Modelling & Software, Scientific Reports.

### *Organization of scientific events*

- 2013: member of the local supporting committee for the organization of the 7th national meeting of the Italian Life Cycle Assessment Network (Milano, 27-28 June 2013)
- 2003: member of the organizing committee of the 13th national meeting of the Italian Ecological Society (Como, 8-10 September 2003) and editor of the meeting proceedings

## Teaching

### Courses

- 2017-: *Ecology* (4 ECTS credits), postgraduate programme in Landscape Architecture – Land Landscape Heritage, Politecnico di Milano
- 2016-: *General Ecology* (4 ECTS credits), postgraduate programme in Sustainable Architecture and Landscape Design, Politecnico di Milano, polo territoriale di Piacenza
- 2015-: *Sustainability Metrics, Life Cycle Assessment and Environmental Footprint* (5 ECTS credits), PhD School, Politecnico di Milano (co-teaching with G. Dotelli, M. Lavagna, L. Rigamonti)
- 2013-: *Ecology and sustainability of production systems* (8 ECTS credits), undergraduate programme in Environment and Land Planning Engineering, Politecnico di Milano
- 2013-: lectures on *Ecosystem services and sustainability, Sustainability and production systems, and Life Cycle Assessment*, PhD course in Ecology and Development, Zentrum für Entwicklungsforschung, University of Bonn
- 2009-2015: lectures on *Life Cycle Assessment. Impact indicators for LCA*, course in *Global change and sustainability*, Alta Scuola Politecnica
- 2010-2013: *Ecology* (4 ECTS credits), undergraduate programme in Environmental Architecture, Politecnico di Milano
- 2009-2010: *Assessment and management models for fisheries resources* (1 ECTS credit), postgraduate programme in Marine Biology, Università di Bologna, sede di Ravenna
- 2004-2011: *Fundamentals of environmental impact assessment* (5 ECTS credits), undergraduate programme in Environment and Land Planning Engineering, Politecnico di Milano, sede di Cremona
- 1998-2010: teaching assistant of *Ecology, Modelling and simulation, Ecosystem conservation and management, Systems analysis, Applied Ecology*, undergraduate and postgraduate programmes in Environment and Land Planning Engineering, Politecnico di Milano

### Other teaching activities

I have given several lectures about ecology and sustainability topics in different undergraduate, postgraduate and doctoral courses with the Politecnico di Milano. I have supervised or co-supervised the theses of more than 70 undergraduate students, more than 30 postgraduate students and 3 PhD students. I am member since 2010 of the selection board for teaching activities of my Department. In 2017 and 2018 I have been member of the selection board for the Honours Programme *Engineering for Sustainable Development* of the Politecnico di Milano. In 2007 I have organized an interdisciplinary PhD course on *Global changes and sustainability*. Between 2010 and 2012 I have been member of the teaching committee of the PhD program in Ecology of the University of Parma.

### Invited talks and seminars

- 2018: *Ecological connectivity in marine ecosystems*, workshop on "Ecological connectivity: what do we know for the marine environment?", Global Conservation and Development Group, European Commission Joint Research Centre, Ispra
- 2018: *Global change and migratory fish species: the case of the European eel*, workshop on "How to let rivers flow. River connectivity and other management issues", Politecnico di Milano
- 2017: *Le molte dimensioni della sostenibilità: indicatori, conflitti, metodi decisionali*, invited seminar, Università degli Studi di Milano Bicocca
- 2016: *Large-scale management of fisheries*, International Workshop on Decision Models and Population Management, Institut de Mathématiques de Jussieu, Université Pierre et Marie Curie, Paris
- 2016: *Demography, management and conservation of the European eel*, invited seminar, Politecnico di Milano
- 2014: *Intersecare prospettive diverse: indicatori di sostenibilità in una visione a molti obiettivi*, invited seminar, Università degli Studi di Milano Bicocca
- 2013: *Spatial dynamics and applications to biological problems: the oceanic migration of European eel larvae*, invited seminar, Politecnico di Milano
- 2005: *Il concetto di sviluppo sostenibile*, invited seminar, Politecnico di Milano

## Selected publications
